Ref.: Your letter of July 30, 1992 to Winston & Strawn

Dear Mr. Child:

We have received a copy of your letter of July 30, 1992 addressed to Winston & Strawn, Attorneys for the Illinois International Port District. We are writing directly to you to provide data you have requested in an expeditious way.

We believe the following documents fulfill the requirements set forth in your letter.

- 1) A map of the site, entitled "Map of 103rd & Doty Landfill Closure Site," designating the closed portions of the site and the dates that the areas were closed.
- 2) "Letter of Certification" from Mr. Raymond R. Rimkus, P.E., verifying closure of the subject areas.
- 3) "Letter of Certification" from Mr. Earl W. Knight, P.E., verifying proper post-closure maintenance of the subject areas.

Please note that three areas, namely those closed under Contracts 77-284-2P, 77-288-2P, and 77-289-2M, have now been closed for more than three years. The area closed under Contract 89-205-2P has now been closed for approximately one year. A copy of the monitoring well data obtained for the closure area is regularly sent to the IEPA Land Pollution Control Board on a quarterly basis.

Should you require any other information, please do not hesitate to contact us.

CERTIFICATION

Messrs. J. B. Park & W. C. Child
Illinois Environmental Protection Agency
P.O. Box 19276
Springfield, Illinois 62794-9276

This is to certify that the portion of the 103rd & Doty Landfill site which is identified as "completed closure" on the attached map entitled "Map of 103rd & Doty Landfill Closure Site" have been receiving proper post-closure care since completion of closure. The post-closure activities have included at least the following:

1. Monitoring and maintenance of the clay cap and final cover vegetation.
2. Maintenance of the peripheral drainage system.
3. Remittance of analysis of monitoring wells to IEPA on a quarterly basis.
